

Don't Be the Next Victim.

Lock It with Dave21Lock™

Built by Tradesmen, For Tradesmen.

"I'm a plumber — after the third time my van was broken into and my tools were stolen in broad daylight, I'd had enough. I needed something that would seriously raise the stakes for any thief — enough to make them think twice about trying anything at all"

Introducing: Dave21Lock™ The Ultimate Anti-Theft Lock for Work Vehicles

Every day, hardworking tradesmen across the U.S. are targeted.

A vehicle is stolen every 37 seconds — vans loaded with tools are a prime target.

Every theft hits harder than just your wallet.

- Thousands in equipment lost
- Delays in jobs and deadlines
- Every theft takes a piece of your trade
